

Photo Format for American Passports and for Nonimmigrant Visa Applications

Your photo must match the dimensions of this sample:

The photograph must be:

- Taken within the last six months
- Printed on high quality photographic paper
- Untrimmed
- 2"x 2" excluding white borders with at least 0.5" between the top of the applicant's head and the top edge of the photograph
- head size from chin to top of head, minimum 1", maximum 1-3/8"
- facing completely forward (head not turned) without a head covering
- white background
- black and white photographs are not acceptable
- the photograph must be in color.

Photographers

Provided the photographs meet the specified requirements, you may use any photographer. The following is a list of some photographers who can provide acceptable photographs for U.S. passports and visa applications. The list is provided for your convenience but please note that the Consulate General cannot recommend any specific photographer, or assume any responsibility for their efficiency, integrity, or reliability. Fees and the service provided are solely a matter between you and photographer selected.
